MaNEP Facilities

Sample synthesis	page 9
crystals	
thin films	
wires, tapes and meanders	
Sample processing	19
patterning, etching, plasma cleaning	
polishing, cleaving, milling	
thermal analysis and treatment	
others	
Sample directory	29
polycrystals	
crystals	
thin films	
multilayers, wires and more	
perovskites only	
Bulk sensitive techniques	37
calorimetry	
inductive measurements	
magnetic resonance	
neutron scattering	
optical spectrometry	
transport	
x-ray diffraction	
Surface sensitive techniques	81
photoemission spectroscopy	
scanning probe microscopy	
Theory and simulations	97
theory - analytical and numerical	
simulations - device oriented	
General index	105
